

Brake-Cleaner

[EG-Sicherheitsblatt](#)

Safety cleaner for repairs and installation

Brake-cleaner eliminates all dirt containing oil and grease from various surfaces and materials. It is the ideal cleaner for use in the entire industrial sector, trade, for repairs and installations, for cars, home and hobbies. Brake-Cleaner cleans all metals, glass, ceramics and almost all plastics (thermoplastics such as PVC, plexiglass, polystyrol and lacquer coatings will corrode). It removes dirt from windscreens, tar marks from bodywork, marks from upholstery covers and textiles. It is also good at rust removal.

Applications:

- Brakes (drum brakes, disc brakes, brake pads and blocks, brake cylinders and connectors)
- Clutches (clutch linings and clutch components)
- Engine components, carburetors, petrol and oil pumps, gear boxes, etc.
- Eliminates moisture
- Residue-free

Packaging

Brake-Cleaner-Spray is available in 500 ml aerosol cans.

Safety

The container is pressurized. Protect from sun and temperatures above 50° C . Do not open forcibly or burn, even when empty. Do not inhale the aerosol. Do not allow the contents to enter the waste water system. Do not spray people. Keep away from naked flames and incandescent materials. Keep away from sources of combustion – do not smoke -. Keep away from children. Only use in well-ventilated areas. In the case of contact with eyes, keep the eye open and rinse with lots of water. Contact an eye specialist if the irritation does not subside.

Disposal advice

Do not dispose of the can in the domestic waste. Discard the totally emptied can into the recyclable waste container (green dot).
