

Universal Kessel-Reiniger (Universal-Boiler-Cleaner-Spray)

[EG-Sicherheitsblatt](#)

Special cleaner for gas and oil-fired boiler systems and gas installations.

- Energy-saving
- Environmentally-friendly
- Increased safety

Instructions for use:

Switch off burner/gas installation and allow to cool. Remove any loose residue, shake aerosol can well and spray the boiler cleaner over the entire sides and entrances of the combustion chamber, or the plates of a gas installation respectively. After 5 minutes, switch on the burner/gas installation and increase heat until the residue coating falls off. Then switch off the burner/gas installation and remove remaining residue mechanically.

Caution! Escaping residue can act acridly. Keep a receptacle for residue collection at the ready. We are not accountable for any damages caused by incorrect handling.

Packaging

Universal-Boiler-Cleaner is available in 500 ml aerosol cans.

Safety

The container is pressurized. Protect from sun and temperatures above 50° C. Do not open forcibly or burn, even when empty. Do not spray people. Keep away from naked flames and incandescent materials. Keep away from sources of combustion – do not smoke -. Keep away from children. Only use in well-ventilated areas.

Disposal advice

Do not dispose of the can in the domestic waste. Discard the totally emptied can into the recyclable waste container (green dot)
