

## Acryl-Schwarz-Matt-Spray (Acrylic Base Coat Matt Black)

### EG-Sicherheitsblatt

- heat-resistant
- fast-drying
- good coverage
- abrasion and scratch resistant

#### Areas of use

Acrylic Spray Black Matt is a silk-mat coating with good coverage for the following usage

- vehicle parts
- machine parts
- glass, wood and plastic parts

Acrylic spray black Matt is heat-resistant to a certain extent and can be applied to tempered vehicle or bicycle parts.

#### Instructions for use

Clean and dry surface thoroughly. Remove any rust. Ensure the can is at room temperature (16 – 20 °C) and shake well. When the mixing ball can be heard, continue shaking for approx. 2 minutes. Spray thinly from a distance of 25 – 30 cm.

#### Packaging

Acrylic Spray Matt Black is available in 400 ml aerosol cans.

#### Safety

Pressurized container. Protect from direct sunlight and temperatures over 50°C . Do not open forcibly or burn, even when empty. Do not inhale the aerosol. Do not allow the contents to enter the waste water system. Do not spray people. Do not spray onto a naked flame or incandescent objects. Keep away from sources of ignition – do not smoke. Keep out of the reach of children. Only use in well-ventilated surroundings. Do not allow contents to enter the waste water system. If contact with eyes occurs, rinse thoroughly with water and contact a doctor if irritation continues.

#### Disposal

Do not throw the aerosol into household waste after use, discard the totally emptied can into the recyclable waste container (green dot).
